

MUELLER®

Used milk cooling tank Model O until 1992

Mueller milk cooling tank, Model O.

Mueller has acquired a sound reputation as leading manufacturing specialist in stainless steel products., of which the famous oval-shaped milk cooling tank, Model O, is one of our premium models. Precision, quality and perfection to detail play an important role in the manufacturing process of Mueller milk cooling tanks.

O = Optimum performance in milk cooling technology.

Rapid cooling with low energy consumption has been Mueller's criteria when designing the oval shape. Due to its design, the Temp-Plate® cooling plates in the lower half of the vessel ensure effective cooling over the major part of the surface area, thus creating greater efficiency and economy. In addition, the oval design is essential for thorough and effective cleaning.

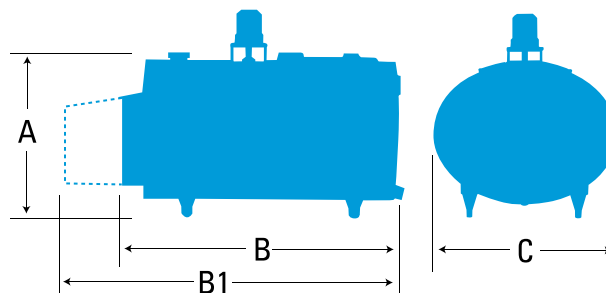

The Mueller milk cooling tank, a cool financial investment.

When you buy a Mueller milk cooling tank, you not only become the proud owner of the most efficient cooling system in the world, you have also made a sound financial investment, due to the economic operation of the system.

Mueller-Matic, the automatic cleaning system.

Since its development in the United States some 30 years ago, the Mueller-Matic has never been equalled in its cleaning performance. At present, there are more than 150 000 systems installed throughout the world, producing standards of hygiene unsurpassed by other systems. The Mueller-Matic incorporates a complete cleaning programme, from the initial rinse to final sterilisation, thus totally eliminating bacteria and milk stone deposits.

Model O, the complete milk cooling tank.

The Mueller milk cooling tank, Model O incorporates many added features:

- **Dial Thermometer:**
Ensures accurate temperature indication.
- **Lockable Outlet Valve:**
Eliminates accidental spillage.
- **Adjustable Stainless Steel legs:**
Guarantees an equal distribution of product weight.

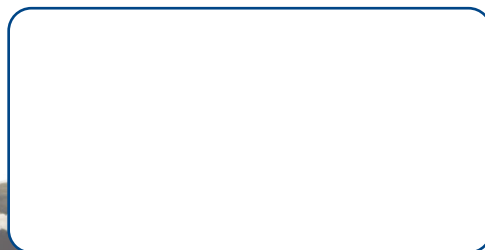

All Mueller milk cooling tanks are manufactured in stainless steel, AISI 304 (DIN 1.4301) and are available in 24 sizes, from 1000 – 20 000 litres. Whichever size you choose, you will be certain of the quality and attention to detail synonymous with Mueller products worldwide.
